A confidential source, who has furnished reliable information in the past, learned on April 6, 1968, that on that date Stanley Levison's wife stated that there is really no one to take Martin Luther King's place as head of the Southern Christian Leadership Conference (SCLC) but that King more or less named (Ralph) Abernathy as his "heir". She added that this is "not what we would want to see", that Andrew Young (Executive Vice-President of the SCLC) would be preferable but even he would need a lot of help. She said Levison, who was in Atlanta, was going to try to turn it over to a governing body which is the most he can hope for. (S)

The source also ascertained that Stanley Levison later contacted his wife. She inquired about a report that the Field Foundation was going to give the SCLC one million dollars. According to Levison, the Field Foundation contacted the SCLC and said something about two hundred to three hundred to three hundred thousand dollars. He added that it will take a million dollars to keep SCLC going. (S)

Levison commented that there is hostility between Coretta King, Martin Luther King's wife, and "the staff" (SCLC). He said Mrs. King was pushing for a memorial library but the staff was fighting it. (S)

Levison also mentioned that he went to "Daddy King's" house "where most of the meeting took place". He said that the people from Atlanta University came over, "all the people that Daddy King respects--and they are all National Association for the Advancement of Colored People (NAACP) people." Levison said that the NAACP people from Atlanta University wanted to take over the whole funeral, all the money that will come in, (S)

and build a chapel "and that sort of thing". Levison said that Mrs. King "ducked her way out of that" and added "That's the kind of machinations that are going on". (S)

Mrs. Levison inquired if Levison had gotten around to what is going to happen in Washington (King's Poor People's Campaign). Levison commented that it is unlikely that "Washington is going to come off especially in view of the rioting". (S)

Levison also indicated that he would attend a meeting of the (SCLC) policy making group the next day. (S)

Gentlemen:- I realize that you are flooded with calls and letters from all kinds of Crackpots and my theory may not hold water but if I might have just one thought that would help, in the least, in solving the slaying of Dr. Martin Luther King Jr. I would be glad I wrote you. First, that famous letter from Birmingham Jail, mentioned that the writings of Mohandas Ghandi put the whole idea of peaceful resistance in his mind. Ghandi was his hero and he suffered all kinds of persecutions, for his cause. He fasted for days, burned his feet and gave his life, a martyr to the Cause to the poverty of India. Dr. King studied the crucifixion of Christ, also of Paul, Peter and the beheading of John the Baptist and other martyrs. He relished being thrown in jail and the many hardships and persecutions, the insults and shame which he was subjugated to. He said he had conquered the fear of death, so you see what I am leading up to --suicide. Just before Easter, the funeral just before Good Friday, Just in time to get the Civil rights bill passed before adjournment. He believed his death would accomplish more than he could do otherwise, and rightly so. Please study the film of his last sermon. "I have reached the pinnacle of fulfillment" ect. How was he killed. By a paid professional killer. Maybe a white man, maybe negro, he did not ~~come~~ ^{RECD} at the front door and drop his gun, that would have been stupid, he escaped out back and hid some place near and was probably with the "morners" in the street. He had no idea of being apprehended. He was experienced in killing and knew all the tricks of the trade. This tragedy was long and well planned. DR. KING saw no harm in it, as he thought the means were not as important as the end. He wanted his cause to win so badly that he was willing and anxious to die if necessary. Well, I hope you will find the real culprit and I hope no more innocent blood will be spilled. I'm sorry to take so much of your valuable time, but I just had to get it off my chest. Thanks.

THE MESSAGE FROM DR. KING

Martin Luther King lived for non-violence. His efforts in the last few years of his life were dedicated to the American ideal that all men should be free to participate in all of the benefits that our freedom grants us.

To some, the reaction seems to seek revenge for the slaying of this martyr to their cause. This would be tragic, in that it would be sacrificing the very ideals he valued so highly. It would be destruction of the dream which he held for all of the people of this nation.

As Mayor Cavanagh has said . . . violence of any kind would dishonor the memory of Dr. King . . . a man the mayor described as an example for all of us to follow.

We must all recognize our responsibility not to surrender to the insanity which struck down Dr. King . . . and, instead, determine to further his own ideals of building toward a better world . . . rather than destroy any hope for one.

This is WXYZ's viewpoint.

the troubled areas on Chicago's south and west sides on this date. Source advised he had determined from conversation with people on 63rd Street, between State Street and Stony Island Avenue, (1600 East) people resent the presence of the National Guard in the area and in the opinion of this source, people seem to be waiting for someone to assume leadership positions and lead them in riotous activity. Source advised that on 63rd Street, west from State Street toward Damen Avenue (2000 West), several stores appear to have been looted, considerable window breakage was noted and other damage to businesses in the area.

Source further advised that on Chicago's west side, where severe destruction of property occurred, people on the street still show signs of resentment against any white businesses in the area and most businesses destroyed were white controlled. People on the street indicated willingness to go out to burn and destroy again, and tensions continue [REDACTED] in this area. b1 (1)

advised [REDACTED] company had received inquiries from perspective Negro clients in Chicago to charter planes for travel to Atlanta to attend the funeral of Martin Luther King, Jr. He advised further as of 5:00 PM on April 8, 1968 that all negotiations were cancelled by [REDACTED] providing no charter flights for Negro groups in Chicago. He stated it was his understanding that two chartered flights were being provided [REDACTED] New York City, for travel to Atlanta.

5
[REDACTED] that the Chicago Police Department had just completed a raid on the Garfield Organization headquarters, 9 North Heeler, Chicago, a self-described community improvement organization on Chicago's west side. The police department arrested Edward "Fats" Crawford, self-proclaimed leader of the National Negro Rifle Association, militant Black Nationalist group, and Frederick Douglas Andrews, official of the Garfield Organization, who was formerly active in the militant civil rights group, ACT. Also arrested were Andrew Brown and Curley Reed. Warrants stemmed from information indicating above individuals were active in setting fires on Chicago's west side during the disturbances beginning the night of April 4, 1968.

On April 8, 1968, [REDACTED] Region I, 113th MI Group, Evanston, Illinois, advised he had been informed there was a rumor at the Naval Training Center, Great Lakes, Illinois, that a "Black Power group was to march on Great Lakes, April 9, 1968 and destroy the power plant." On April 3, 1968, [REDACTED], Naval Investigative Service, Great Lakes, Illinois, advised that the above rumor was passed through channels to [REDACTED] as a consequence of misinterpretation in a conversation between Chief Petty Officer from the Security Department and Chief Petty Officer in the Naval Naval District, and apparently stemmed from precautions established at Great Lakes on April 3, 1968, to protect their installation which, in turn, were instituted as a result of information from Naval authorities in Chicago, Illinois, to the effect that rioters were warning residents in disturbed areas to protect their supplies of food and water. Officials responsible had interpreted this to mean that the utilities might be attacked. Interested agencies were advised despite information that the matter was a rumor.

b7(d)

[REDACTED] advised as of 3:15 P.M. April 3, 1968, activity relatively quiet on west side, south side and near north side Negro neighborhoods. These areas remained extremely tense.

Numerous rumors were being received by the Chicago Police Department indicating possible arson attempts throughout Negro neighborhoods during the evening hours of April 3, 1968.

As of this time, [REDACTED] indicated the South, Illinois area was quiet but remained extremely tense.

b7(d)

The Aurora, Illinois, Police Department advised rumors were being received indicating Negro youths may attempt to incite disturbance in Aurora during the evening hours of April 3, 1968.

On April 3, 1968, Ernest Davis, Negro male, date of birth unknown, was arrested by the Chicago Police Department in a military uniform at 6428 South Evans about noon. Davis' uniform consisted of a fatigue jacket bearing Second Armored Division patch, regulation shirt with Specialist Four insignia

[REDACTED] and [REDACTED]
stated on April 3, 1968, that at 2:00 PM on this date
approximately 300 students and faculty members, including
approximately 80 Negroes, gathered at Scott Hall, Northwestern
University, Evanston, Illinois, and marched to Rebecca Crown
Memorial Center, University administration offices. The student
and faculty speakers demanded the following points from the
administration:

1. University should issue a statement supporting a
stronger Open Housing Bill for Evanston and send a representative
to the Evanston City Council meeting today where instant bill
was being discussed.
2. University should desegregate all its real estate

3. University should donate money to SCLC for Poor

4. University should issue a statement demanding a
closure of Evanston businesses April 9, 1968.
5. University should force sorority and fraternities
to desegregate immediately.

The source further advised that Dr. J. Roscoe Miller,
President, Northwestern University, briefly addressed the
marching and indicated the University would look into the
demands. Some demonstrators indicated that they would remain
at the Administration Building until the University took action
on the demands. There were no arrests or incidents reported.

At the convention Davis was elected to the National Executive Council of SDS. The letterhead on SDS stationery listed Rennie Davis as Director of Economic Research and Action Project of SDS.

ASSASSINATION OF MARTIN

On April 9, 1968, Special Agents of the FBI observed a memorial service for Martin Luther King, Jr., held at the bandstand located in Grant Park, Chicago, Illinois. The service was scheduled to begin at 2:00 p.m., but, due to the late arrival of several speakers, the service did not start until approximately 2:30 p.m. People started gathering at the bandstand at 1:30 p.m. At the time the service began there were approximately 400 individuals in the audience, which included about 50 Negroes. There was no indication as to the sponsor of the memorial service; the stated purpose of the service was to honor the memory of Martin Luther King, Jr.

Included among the speakers were Staughton Lynd and Mike Spiegel, introduced as National Secretary of SDS.

Staughton Lynd

The April 18, 1967, edition of the "Chicago Daily News", a daily Chicago newspaper, described Lynd as a Yale University professor and violent protestor against the Viet Nam war.

The article stated that Lynd had taken an unauthorized "peace mission" trip to Hanoi, North Viet Nam, during 1966 as a result of which he temporarily lost his United States passport.

Further, the "Chicago Sun-Times", a daily Chicago

newspaper, edition of March 27, 1966, contained an article relating to an anti-Viet Nam war affair held early in March, 1966, in Chicago. Lynd was in Chicago to participate in this affair and reportedly stated while here that he had recently applied for membership in the W.E.B. Du Bois Clubs of America.

In August, 1953, Lynd was interviewed by Special Agents of the Federal Bureau of Investigation. At that time he stated he had never been a Communist Party member, but did state that in the fall of 1946 he had joined the American Youth for Democracy. He had disaffiliated himself from this group in June, 1967. During the interview, Lynd had stated that while at Harvard University in 1947 and 1948, he had been a member of the John Reed Club, having served as club secretary for approximately one year at this time. The American Youth for Democracy has been designated pursuant to Executive Order 10450.

A characterization of the W.E.B. Du Bois Clubs, both local and national, as well as a characterization of the John Reed Club, is attached hereto.

Spiegel stated that Martin Luther King, Jr., was a champion of civil rights and his death would not destroy the civil rights movement, but, he believed, would give it more impetus.

Staughton Lynd spoke of Martin Luther King, Jr.'s

views concerning the war in Viet Nam. Lynd compared the war in Viet Nam to the liberation of the black community. He called for the immediate withdrawal of troops from Viet Nam and the black community. He also called for the right of self-determination for the Vietnamese people and the black community. Lynd stated that the anti-war slogan should be changed from "Hell no--we won't go" to "Hell no, we won't go to Viet Nam or go into black communities to kill our black brothers".

Other speakers talked of their association with Martin Luther King, Jr., of police brutality tactics utilized by the police and National Guardsmen stationed in the ghetto area during recent rioting in Chicago. Another individual claimed excessive bails had been set for those jailed during the riots and urged the audience to contribute to their aid through the United Legal Bail Bond Appeal, 7932 South Yale Street, Chicago, Illinois.

The Chicago "Sun-Times", a Chicago daily newspaper, in its issue of April 10, 1968, on page 30, contained an article captioned "Thousands Honor King Here". In part, the article stated the rally was sponsored by the Ad Hoc Committee for the Memorial to Doctor Martin Luther King, a group composed of various civil rights and peace groups which included SDS.

STUDENTS FOR A DEMOCRATIC SOCIETY.

The Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth to develop a conscientious objector status, denouncing United States intervention in the war in Vietnam and to "radically transform" the university community and provide for its complete control by students. GUS HALL, General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us." At the June, 1965, SDS National Convention, an anticomunist provision was removed from the SDS constitution. In the October 7, 1965, issue of "New Left Notes," the official publication of SDS, an SDS spokesman stated that there are some communists in SDS and they are welcome. The national headquarters of this organization as of April 18, 1967, was located in Room 203, 1608 West Madison Street, Chicago, Illinois.

W.E.B. DU BOIS CLUBS OF AMERICA (DCA)

A source advised that on October 26-27, 1963, a conference of members of the Communist Party, USA (CPUSA), including national functionaries, met in Chicago, Illinois, for the purpose of setting in motion forces for the establishment of a new national Marxist-oriented youth organization which would bent for the most peaceful transition to socialism. The delegates were told that it would be reasonable to assume that the young socialists attracted into this new organization would eventually pass into the CP itself.

A second source has advised that the founding convention for the new youth organization was held from June 19-21, 1964, at 110 Golden Gate Avenue, San Francisco, California, at which time the name W.E.B. DuBois Clubs of America (DCA) was adopted. Approximately 500 delegates from throughout the United States attended this convention.

The second source advised in September, 1966, that MIKE BARRELL, CPUSA Youth Director, stated that in Negro communities the Party still supported the plan to build "left" socialist centers and to solidify the Party base through the DCA. This source also advised in September, 1966, that DANIEL RUBIN, CPUSA National Organizational Secretary, stated the Party believes the DCA should have a working-class outlook and be a mass organization favorable to socialism, socialist countries and Marxism, and in April, 1967, advised that GUS KILL, CPUSA General Secretary, indicated the DCA primary emphasis should be on developing mass resistance to the draft.

A third source advised in September, 1967, that JARVIS TYNER was elected chairman of the DCA on September 10, 1967, at the Third National Convention of the DCA held in New York, New York, from September 8-10, 1967.

A fourth source advised during August, 1967, that JARVIS TYNER is a member of the National Committee of the CPUSA.

A fifth source advised on September 21, 1967, that the headquarters of the DCA is located at 34 West 17th Street, New York, New York.

The Associated Press quotes Attorney General Ramsey Clark as saying that FBI Agents are cooperating with the Memphis Police Department and other state and municipal law enforcement organizations in the noble search for some hapless soul on whom vengeance may be wreaked for the Thursday slaying of Nobel Peace laureate Martin Luther King.

Presuming that this one of the few occasions upon which Clark knows what he is talking about, I must ask what legal authority the FBI has to enter a homicide case which has no relevance to national security and did not, as far as anyone knows, entail any violation of the Federal laws of which the Federal Bureau of Investigation is charged with enforcement.

Your record, sir, demands the conclusion that you would have to be overruled before FBI Agents could exceed their legitimate authority and jurisdiction.

Sincerely,

Dear Mr. Hoover:

Our country has just yesterday witnessed the buring of Dr. Martin Luther King, a renouned minister of the Gospel, a very prominent and able clergyman, recognized by many if not all of our many religious faiths, and also a very influential leader in the Civil Rights Movement, especially in the non-violence area.

However, as I make the following request it may be that such a request is entirely out of reason with the principles of the organization of which you are its able Director.

I have heard that this man has had leanings, been related to various communists front organizations and that such is on record in your files.

It seems incredible to me, Mr. Hoover, that a man with such strong influences in many areas of concern in our America, first within the pulpit of our American churches, a Nobel Peace Prize winner, etc, are possible.

Please, I am not requesting such information which is not in keeping with the works of sharing with the general public, but just a simple yes or no, as to the possiblity of such hearings.

Therefore, if it possible that you can share in thie particular and possiblly unusual request, I would deeply appreciate it.

Thanking you eincerely for eharing as you deem it wise and also for your interest in our total betterment of our America, I am

The Industrial Conference of the Communist Party - USA (CP) was held at the Young Men's Christian Association, Wabash Street, Chicago, Illinois. Among the approximately 110 individuals in attendance at the Conference there were such CP notables as Gus Hall, Claude Lightfoot, George Meyers, George Morris, James West, Carl Winter and Daniel Rubin.

The June 23, 1956, issue of "The Worker," an east coast Communist newspaper, reported that Gus Hall had been elected General Secretary of the CP at its 13th National Convention, New York City, June 22-26, 1956.

George ~~Morris~~ MEYERS

gave the first report at the conference. ~~Morris~~ report consisted of a run-down on the current labor situation and political climate in the United States as viewed by the CP. He stated that in general things were "coming to a head" in the rioting by the Negroes and in the deficit money situation in which the country now found itself. He pointed out that George Meany, President of AFL-CIO, was now in a dilemma as Meany had thrown his support to President Johnson who had announced that he would not run as a candidate for re-election.

Following ~~Morris~~ MEYERS report, the conference continued in the form of discussions by the various delegates. These delegates discussed the labor situations in their respective unions and their particular approaches to the problems encountered.

Carl Winter gave a report on the new Marxist daily newspaper, "The Daily World," following the above discussions. Winter stated that the most modern printing equipment and the latest newspaper techniques and services would be utilized in the publication of this newspaper. Winter noted that half a million dollars had been received in donations by the newspaper whose publication date of May 1, 1968, had been delayed because of some difficulty with the wire services.

The highlight of the second day of the conference was a speech by Gus Hall. Hall spoke concerning the crises in the United States, namely the rioting in the cities, the loss of faith in the dollar and the controversy over the war in Vietnam. He stated that in effect the ruling class had "dumped" President Johnson who had come to the conclusion that he could not win if he ran for re-election.

Hall characterized the CP as a working-class party. He urged those in attendance at the conference to return to their respective areas and work toward making this a reality. Hall noted that the time was right for CP members to speak out on the issues confronting the nation today.

Hall stated that the CP had already issued a leaflet pertaining to the Reverend Dr. Martin Luther King, Jr., the nationally known civil rights leader who was assassinated at Memphis, Tennessee, on April 4, 1968. Hall stated that about a thousand of these leaflets had been distributed by the CP in the Chicago area. Hall urged delegates to get a supply of these leaflets for distribution in their respective areas.

C [REDACTED] b(1) the principal points stressed at the conference were: 1. Work toward the success of "The Daily World" and 2. Work toward making the CP a working-class Party.

Proposals passed at the conference included sending the family of the late Reverend Dr. King a letter of condolence and furnishing the news media the details of proceedings of the conference.

Dear Mr. Hoover:

I am a housewife and mother of 2 children. I try to keep myself informed on the world situation and the situation here in the U.S. Yesterday I watched the entire funeral of Dr. Martin Luther King, Jr. After watching it I came away more confused about the man than prior to the funeral. As I listened to all the speeches about the kind of person he was and what he wanted to do, I began to feel a little sad about what I thought he was. I am still confused.

I never in all the time I heard him speak thought of him as being a peaceloving person. His manner of speaking, the words he spoke, and the feeling he put across to me were not especially non-violent. And now some of the very people who critized him are now praising him as the greatest peacemaker of these times. It was my feeling that he was trying to tear the U.S. apart using the black peoples' grievances as his tool. If he was so much for peace, then why did he predict such a negative atmosphere that every summer the U.S. will have riots? I don't understand what he was really trying to do.

EX-115 REC-68 100-106670-32

If I remember correctly you said something to the effect one time that Dr. Martin Luther King, Jr. was the most notorious liar in the country. That has been on my mind also. Could you please explain that statement a ~~little~~ little hard to believe that he would have had the nerve to trick and fool his race into destroying their own country, and use the pulpit of Christianity to stand behind. Please give me an answer as to your opinion of him, and what he was really trying to accomplish.

MARTIN LUTHER KING

On April 4, 1968, Reverend Martin Luther King was assassinated at Memphis, Tennessee, and his funeral was scheduled to be held on April 9, 1968, at Atlanta, Georgia.

[Redacted block of text]

[Redacted block of text] learned that twelve buses had been chartered in Detroit, Michigan, in the name of Robert Kendall, scheduled to leave from Great Lakes Mutual, Woodward Avenue, Detroit, at 5:00 PM, April 8, 1968, and arrive at Ebenezer Baptist Church, Atlanta, Georgia, at 9:15 AM, April 9, 1968. The people making this trip reportedly were to attend the funeral of Reverend Martin Luther King on April 9, 1968, and then the buses would depart Atlanta at 5:00 PM, April 9, 1968, for the return trip to Detroit.

b7(D)

[Redacted block of text] also learned that Public Employees District Council 77, Detroit, had chartered one bus scheduled to leave Detroit, April 7, 1968, for Clayborn Temple, Memphis, Tennessee, and return April 9, 1968. [Redacted] had no further details regarding this and did not know if it was in connection with the death of Reverend King.

[Redacted block of text] also advised that the Inner City Christian Council, Cleveland, Ohio, had chartered two buses scheduled to leave Cleveland, 12:01 AM, April 8, 1968, for Atlanta, Georgia, for the funeral and leave Atlanta for the return trip at 6:00 PM, April 9, 1968. This group made a \$100 deposit and was attempting to fill additional buses.

Dear Sir:

During these days of crises, our citizens are becoming more and more alarmed with lawlessness and civil disobedience.

About three weeks ago Sen. Strom Thurmond urged that the official report from the F.B.I. on Dr. Martin Luther King be made public. I should like to urge you as an official representative from this state to support this move and that the American people be informed about the real Martin Luther King. As a public servant I believe you to be interested in the welfare of this nation.

I should also like to urge you that the report on racial disorders from the F.B.I. be made public. I realize that it is important that certain information be withheld at certain times, but what could be more important than publicly exposing those who are subtly destroying this nation of ours with a false front of non-violence.

I would like to know your views concerning these matters and trust that you will urge this information be made public to the American people at once.

Respectfully yours,

Congressman Jackson Betts

The other day I heard a broadcast by Paul Harvey
on radio station WMAN in Mansfield.

He cautioned people that they should contact their
congressman, and that the representative should in turn
contact the F.B.I., before the communities follow through
with plans to rename streets and public buildings after
Martin Luther King.

Why? Why the congress and the F.B.I.? Is there
something to be revealed?

Will you please tell what you know on this subject?
Is there some reason why such renaming should not go on
in your opinion, or in the opinion of the Federal Bureau
of Investigation?

It is important for me to know what this means.
May I please have your complete answer as quickly as
possible.

Memorandum

TO : The Director

DATE: *4-1-67*

FROM : N. P. Callahan

SUBJECT: The Congressional Record

Pages 83597-83600. Senator Byrd, (D) West Virginia, spoke concerning the recent riot in Memphis and the march on Washington planned by Martin Luther King and stated "If this self-seeking rabble-rouser is allowed to go through with his plans here, Washington may well be treated to the same kind of violence, destruction, looting, and bloodshed. - - - I have previously urged, in discussing this matter with the Justice Department, that the Federal Government seek a court order to enjoin Martin Luther King and his pulpitless parsons from carrying out their planned poor people's campaign in the Nation's Capital. - - - It is time for our Federal Government--which in recent years has shown itself to be virtually spineless when it comes to standing up against the lawbreakers, the hoodlums, and the Marxist demonstrators--at least to let the Nation know, in no uncertain terms, that it will not allow this Nobel Peace Prize winner to create another Memphis in the city which serves as the seat of the Government of the United States." Mr. Byrd included several articles with his remarks. Senator Stennis, (D) Mississippi, also commented on this matter and stated "What happened in Memphis clearly shows that the best policy for Washington officials to follow is to stop the marchers at the city limits, allowing a small number of them and their leader, who presumably will be Dr. Martin Luther King, who also led the Memphis march, to come in and speak and otherwise present their case in an orderly manner and, thus, symbolically represent all the other would-be participants. - - - This is another case in which the Government must have the will to act. The government authorities responsible for keeping peace and order must act firmly and promptly."

Dear Mr. Hoover,

Part of the aftermath of the recent trauma of our nation has been a heightening of pro and con feelings in connection with Dr. Martin Luther King, Jr. Some people have paraphrased statements which they attributed to you in which you supposedly stated that Dr. King was a liar and affiliated with Communist front organizations. If you did indeed make these remarks, I would appreciate very much knowing in what context they were uttered and whether or not any subsequent events may have changed your mind. This information would be most helpful to me and I look forward to hearing from you.

Reference is made to memorandum at Charlotte, North Carolina, dated March 26, 1968, captioned "Washington Spring Project, Racial Matter and MARTIN LUTHER KING, JR., Security Matter - C."

MARTIN LUTHER KING, JR. (deceased), president, Southern Christian Leadership Conference (SCLC), had publicly announced he would conduct a massive civil disobedience campaign in the nation's Capitol the third week of April, 1968, in an effort to pressure Congress into passing the legislation favorable to the Negro.

Due to his assassination at Memphis, Tennessee, on April 4, 1968, sources contacted in the State of North Carolina stated that they have received no further instructions from SCLC Headquarters in Atlanta, Georgia, regarding the above captioned march.

The attached page sets forth more detailed data relative to the Washington Spring Project.

Dear [REDACTED]

b7(c)

Your letter of April 8th, with enclosure, has been received.

In response to your inquiries, I made the statement concerning Martin Luther King attributed to me in your enclosure at a press conference on November 18, 1964. I did so because he had grossly distorted the facts concerning our Special Agents handling civil rights investigations in the South. The personal ventures and activities of the other individuals you mentioned are their own and I am not in a position to comment on them in any way whatsoever.

Sincerely yours,
J. Edgar Hoover

gentlemen:

The inclosed clipping comes from the Greeley Tribune of Greeley, Colorado, for Saturday, April 6, 1968.

I should like to know if Mr. J. Edgar Hoover made the statement attributed to him, and if he did so, under what circumstances.

If the statement was not made by Mr. Hoover, I should like to know what action will be taken with regard to Mr. Wells, who I understand is a resident of Greeley, Colorado. I should also appreciate information, if such is available, regarding the present activities of Karl Prussion and Gary Allen, both of whom were quoted.

As a private citizen I am often outraged at the lack of good taste where political issues are concerned, but this is the first time I have written to any organization for information.

What's NEXT ???

The senseless and ridiculous slaying of Martin Luther King — that could not possibly help anyone except the Communist conspiracy — should be another reminder to the American people, that the Communist plan is divide and conquer. To totally destroy the government of the United States by whatever means necessary.

HOWEVER:

For part of the communications media to imply martyrdom, when the truth is the opposite, is an insult to American citizens of all races, and in my opinion, the height of hypocrisy.

As you might suspect — I don't "buy" Martin Luther King as being simply, the "Christian Martyr" who led his "underprivileged" people toward their earthly utopia.

To be honest with you gentle readers — and as a matter of fact — I believed the honorable J. Edgar Hoover, the very respected head of the Federal Bureau of Investigation, when, in 1964, he said "... I consider (Martin Luther) King to be the most notorious liar in the country."

I also believed Karl Prusian, former FBI counterespionage, when he testified several years ago that M. L. King had over 60 communist front affiliations.

I even believe Jim Lucier who says, "His (MLK) theory of love has dripped from some of the best magazines; and his doctrine of non-violence has inspired some of the finest riots." (American Opinion 11-68). As the old saying goes — "A communist front is a communist becker."

American Opinion sent Gary Allen to Chicago last labor day weekend to cover the National Conference for New Politics to be held at the elegant Palmer House hotel. Here's a few excerpts from his report titled "NEW POLITICS — The Communists Get Set for 1968."

"This little horror show had been promoted as the most significant gathering on the Left in two decades . . . It aimed to build a unified and cohesive political coalition around "Civil Rights," Black Nationalism, the peaceoniks, the New Left, revolutionary labor, and the "Liberal" religious groups. In Communist parlance they came to establish a United Front, one closely paralleling and including the revolutionary "Union of the poor" being assembled by Walter Reuther and Martin Luther King as the Citizens Crusade Against Poverty." Who furnished the Money???

Dear Mr. Hoover:

I have been hearing for years that Dr. Martin Luther King Jr. was a communist. Can you please tell me if this is true? No one else seems to be able to enlighten me.

I am a widow and have a very fine twenty-four year old son fighting to combat communism in Vietnam. His life is in danger every minute and things are very difficult. It gives me very mixed feeling to have our American flag flying at half mast in Sumter to-day for the biggest communist we have ever had and laud him as a non violent person.

Did Washington D. C. look non violent to you last night?

Thanking you in advance for any help you can give me on this.

The Honorable Alton A. Lennon

Dear Sir:

We respectfully urge you to use your influence, to have our Administration release F. B. I. report on Martin Luther King and Racial Disorders.

While shocking and deplorable that any American should be assassinated, it is also dishonorable that a man with King's Communist affiliations and notorious background should be eulogized as a hero and set up as an example for fellow Americans. His life and death have best served Communist purposes, as has much of the Civil Rights movement. We are deeply concerned about our nation and the oncoming anarchy. We feel the American public is entitled to know the truth about King and his activities and that the suppression of this truth will best serve Communist aims.

Being emphatically opposed to any and all communist aims, we would sincerely appreciate anything you can do toward bringing out the truth about this infamous man and his purpose.

Respectfully,

[REDACTED]

Cong. Alton Lennon
House of Representatives
Washington, D.C.

Dear Sir:

During these days of crises and civil disobedience, our citizens are becoming more and more alarmed with the lawlessness in our country.

About three weeks ago, Sen. Strom Thurmond urged that the official report from the F.B.I. on Dr. Martin Luther King be made public. I should like to urge you as an official representative from this state to support this move and that the American people be informed about the real Martin Luther King. As a public servant, I believe you to be interested in the welfare of this nation.

I should also like to urge you that the report on racial disorders from the F.B.I. be made public. I realize that it is important that certain information be withheld at certain times, but what could be more important than publicly exposing those who are subtly destroying this great nation of ours with a false front of Non-violence.

I should like to know your views concerning these matters and trust that you will urge this information be made public to the American people at once.

Respectfully yours,

[REDACTED] b7(c)

In reply to your letter of April 5th, I have never made any statements to the effect that Martin Luther King was a communist. Information of this nature, whether substantiated or not, could not be released under provisions of an order issued by the Department of Justice pertaining to all matters of a confidential nature.

I did make the statement that he was the most notorious liar in the country at a press conference on November 18, 1964. I did so because he had grossly distorted the facts concerning our Special Agents handling civil rights investigations in the South.

Dear Mr. Hoover:

In the wake of the assassination of Dr. Martin Luther King, many persons in this area are claiming that he was a communist.

Their chief source for this claim is you. It has been said before groups that you have said that Dr. Martin Luther King was a communist, had been since his youth, and that, furthermore, you said (and I am loosely quoting) that he was the worst "liar" this country has ever known.

If you did say these things, I am confident that you will inform me of such. If not, I would appreciate hearing from your office to that effect. Words are thrown around so loosely these days, that one begins to wonder who is crazy.

With a firm conviction that you will set me, and many more persons in this area straight, and that in the end truth and reason will prevail, I remain dedicated to those two concepts.

My highest regards,

I have received your letter of April 8th and want to thank you for your kind sentiments regarding my work and the FBI.

Although I would like to be of service with respect to your inquiry concerning Martin Luther King, I am not in a position to comment as you desire since information contained in the files of the FBI must be maintained as confidential in accordance with regulations of the Department of Justice.

I am enclosing some material concerning communism which I trust will be of help to you. Perhaps you will also wish to refer to my books, "Masters of Deceit" and "A Study of Communism." The former was written with the hope that it would help its readers gain an insight into the true nature of communist activities. The latter is a comprehensive study of the development and expansion of communism throughout the world. These books may be available at your local library.

Dear Mr. Hoover,

I write you in an attitude of humility and concern for the great work you & your department are doing to protect our free country & the Constitution of the United States. I commend you for your efforts & appreciate these efforts.

I believe whole heartedly in free agency & believe all people regardless of color, nationality etc. are entitled to it. We are all children of the same God & entitled to the same blessing as we labor thru the "sweat of our brows."

My concern is about the truthfulness of information I have been told regarding Martin Luther King. I have been advised that he has attended over a period of time communist training schools.

My personal inward feelings have left me feeling uneasy about this man and if he really stood for all he appeared to be standing for in his labors.

I was told that about 18 months ago the FBI tried to expose him as a Communist. If so & if this is the truth could you so clarify it for me,

I am only searching for the truth for my own peace of mind. Should the information I've been given be of the truth & your department confirm it, then I have reason for greater concern and would greatly appreciate your suggestions as to what course I, as an American citizen, could take to try to aid in the further protection of our Country & the Constitution from Communism.

I am a sales manager for General Goods Corporation.

Your letter of April 8th has been received.

In response to your inquiry, I made the statement concerning Martin Luther King attributed to me in your letter at a press conference on November 18, 1964. I did so because he had grossly distorted the facts concerning our Special Agents handling civil rights investigations in the South. It is not possible for me to comment further inasmuch as information in our files must remain confidential in accordance with regulations of the Department of Justice. I have no objection to your quoting from this letter.

Sincerely yours,

J. Edgar Hoover

Dear Mr. Hoover:-

As one American that never was a fan of the late Martin Luther King, I always appreciated your T.V. program in 1964, the exact date I do not recall, but it was the exact day and hour Dr. King received the Nobel Peace Prize which he read just before he made his acceptance speech - frustrated.

I do not recall the woman's organization, or the spokesman for them when you were asked about Dr. King and you said he was the most notorious liar in the country. I'd like to have if possible this program account, or any summary of King's-coming's going's and doing's.

Now I am not a fanatic, but I resent the us flag being lowered to half staff, while communist all over the world were also joining in with Americans in mourning; and memorial service, as a tribute to an alumnus. I read some years ago in the Western Voice of Denver, as published by the late Dr. Harvey Springer showing King's picture in a communist school group preparing the cloak of "Non-Violence."

REC 22

Of course I hated to see King killed, the same as I would anyone, to be murdered. I sympathized with his family of course, I am a retired ministered minister-1910-1961. I am listed in more than a dozen Who's Who 1936-60, and annually solicited, but turned down 1968 Who's Who in Tex

I mentioned these things only because you would know. I am not a publicity seeker I'd like to quote whatever factual things you wish to say about King's record as you know.

When a man operates under a banner of "love and hope" and preaches the opposite while wearing his constantly acclaimed them under the non violence cloak, and his every imagination, thought, words, deeds and acts create violent reaction ranging from Arson and all between to murder, riots, looting, perversion and wickedness its high

Again, will say that I am not a nut as left wingers try to make out against any one who speaks out against their Pinks Minks and stinks. Over the years I have had to match blow for blow with those who would undermine our Lord, homes and country, Fortunately they underestimated my ability to match their thinking; and after they had had their fun, I had mine by making a sieve out of their arguments.

Pardon this lengthy epistle but I'm full up of chaff, tares, briars and brambles put out in the name of patriotism, and worst of all, christianity and comparing MLK with christ etc. One of these John Maynard Keynes devotees of Harvard sought to have some fun at my expense, was he surprised.

A man tried to make fun of your education to me once, I knew your degrees but not your schools, but squelched it. I too, hold degrees, diplomas and certificates.

I will deeply appreciate hearing from you about King's record etc. with permission to quote, Thanking you I am yours in his name.

Dear Ed,

We are shocked at the reactions of the World to Dr(?) King's death.

The likening of a man such as the Christ makes us sick to our stomach.

It's too bad you cannot make public, the man he really was, if you did we'd really have a war on our hands.

We are dis-satisfied with the treatment of that Texas Jackass living in the white birdhouse on the hill, that the rioting will not be tolerated & they not allowing the Police & the Military a free hand. This is an act of War against the Republic.

I'm afraid if our Gov't don't do better, about is stopping this, the people will. You know who's sick this out. This needs no answer.

By letter 4-9-68, [REDACTED] suggests that the reaction to the death of Martin Luther King makes him sick and that it is too bad the Director cannot make public the type of man King really was. [REDACTED] referred to President Johnson as a "texas Jackass" and to the White House as "white birdhouse." He concludes his letter by stating it requires no answer.

Bufiles disclose [REDACTED] was interviewed in connection with a possible Theft of Government Property investigation during [REDACTED]. He was cooperative. Information was received from New Zealand authorities during [REDACTED] that [REDACTED] had made an application for permanent residence in New Zealand.

Dear Mr. Hoover:

I appreciate the opportunity of being able to write to you. The fact that I have approached you concerning one of the things I feel to be important is in itself a sense of respect of one of the freedoms we have left. At the same time I send you the greetings and best wishes due a man of your position, honor and status.

Now that some of the excitement over the demise of the late Martin Luther King is subsiding a bit, and because of the honors accorded this individual, I wonder if it is not time for the government to take off the "kid gloves" and let the American people know the real activities of this individual; his activities and his associations with men who are not loyal to the United States.

As an American citizen I feel as though I not only have the right but that I have a responsibility to be concerned enough to ask questions. The United States Congress has a responsibility to make the real activities of this individual known, revealed in the open, letting the chips fall where they may.

If Dr. King was as honest and virtuous as the federal government attempts to make him appear, then all will be well. If, on the other hand, Dr. King is exposed to be a traitor to his race and to the United States, then the people should know.

I do not ask this, Mr. Hoover, out of malice. I ask these things because of my concern for my country.

Thank you for your time and patience. 10 APR 16 1968

Dear Mr. Hoover:

MARTIN LUTHER KING

While watching Dr. King's last speech on T.V. last night I was struck by the thought that here was a man that knew he was going to die and soon. His intension, mannerism and emotional state indicated to me an inward struggle as he committed himself to the path of martyrdom for his cause. What he said also supports this: (1) 'I've been to the top of the mountain and saw the promised land'. (Moses was allowed by God to view the promised land but not to enter. He died on the mountain side Deut. 34:1-5)

- (2) "I won't enter the promised land with you".
- (3) Longevity of life is good, but I can give it up", or words to that effect.
- (4) "Mine eyes behold the Glory of the Lord".

The tears in his eyes, the faltering moment when the eyes snapped, and the final commitment were all in evidence. Then as he finished he collapsed in his chair.

I suggest a very careful investigation of those advisers and friends closest to him for hints as to his willingness to die for the cause. The possibility of a planned martyrdom should not be overlooked.

Sincerely,

b7(c)

Dear Mr. Hoover:

While watching Dr. King's last speech on T.V. last night I was struck by the thought that here was a man that knew he was going to die ~~and soon~~. His intension, mannerism and emotional state indicated to me an inward struggle as he committed himself to the path of martyrdom for his cause. What he said also supports this: ① "I've been to the tops of the mountain and saw the promised land". (Moses was allowed by God to view the promised land but not to enter. He died on the mountainside Gen. 34:1-5)

② "I won't enter the promised land with you".

③ Longevity of life is good, but I can "give it up", or words to that effect.

④ "Mine eyes behold the glory of the Lord".

CORRESPONDENCE

The tears in his eyes, the faltering moment when the eyes closed, and the final commitment were all in evidence. Then as he finished he collapsed.

Dear Sir:

After the death of Martin Luther King, the American people are being told how "wonderful" this "non-violent, Nobel peace prize-winner" was. I recall, however, that during the time he received the Nobel prize, you linked him with several communist front activities. Since then, the national press has hushed up that information, and therefore, I would please like to know as much about his treasonous connections as possible. I have enclosed a self-addressed stamped envelope for your reply. It is comforting to know that there are still patriotic Americans like yourself in our government who try to warn us about our enemies. Thank you.

Federal Communications Commission,
Washington, D. C. 20554

Attention: Amateur Radio Branch

Gentlemen:

On the morning of April 7, 1968 I tuned in what appeared to be a friend ast station commentary on Mary Jo Coughlin Jr.; his connection with communism; his friends etc. who are communists speak in precise english in a professional manner.

This is to advise that to my amazement I found that I was listening to amateur ~~radio~~ station ~~W2AUS/44, Sarasota~~, Florida in communication with ~~W2AUS~~ on a frequency 21420 using the single sideband mode.

This young man very methodically detailed communist affiliations and went on to say "....Walter Souther and President Johnson supported King and are as bad as King...."

He further advised W2AUS to send for a subscription to Pathfinder, P. O. Box 1644, Phoenix, Arizona 85016 to receive further information on the communist activities etc.

I monitored him from approximately 11:04AM through 11:31AM and heard a KC station break in and tell him his remarks and subject matter were inappropriate on amateur radio. He answered that the government allowed rioting on the streets and he was exercising his right to free speech etc.

If the above activity constitutes a violation of amateur radio rules and regulations I would be willing to sign a sworn statement relating to the above. As a 30 years as a licensed amateur I have never heard anything so vicious.

I also feel that this warrant a detailed investigation and by copy of this letter to the Bureau of Investigation.

Very truly yours,

A confidential source, who has furnished reliable information in the past, learned on March 29, 1968, that on that date, Stanley Levison and Martin Luther King, Jr. discussed the position which King has found himself in as a result of the violence that occurred in Memphis, Tennessee, on March 28, 1968, at the time when King led a march through downtown Memphis. King told Levison that he feels they have to face the fact that, from a public relations point of view and every other way, "we are in serious trouble". He referred to the Washington D.C. Spring campaign, known as the Poor People's Campaign, and said as far as it is concerned it is in trouble. King noted that it will be much more difficult to recruit people for the Washington campaign now because they (the Southern Christian Leadership Conference) (SCLC) are recruiting non-violent people and these people will hold back if they think they will be in a campaign that is going to be taken over by violent elements. King stated that this is not a failure for the SCLC because it has enough of a program to affirm its position but that it is a personal setback for himself. (X)

King continued that persons such as Roy Wilkins (Head of the National Association for the Advancement of Colored People) and Adam Clayton Powell, and Negroes who are influenced by the press, will now feel that he, King, is finished, that his non-violence is nothing, that no one is listening to it. King reiterated that they have had a great public relations setback as far as his image and leadership are concerned. (X)

Martin Luther King, Jr.

Levison attempted to dissuade King from this point of view stating that it would be true only if King accepts "their" definition. He added that he felt it is a profound error King is making. (S)

King noted that he did not accept it himself but that others will. Levison retorted that people would accept it for a few days, but, if events prove otherwise, will not accept it. (S)

King noted that events will not prove otherwise unless they think soberly through this period. He said that somehow he had to reaffirm what the press will refuse to affirm. He referred to the Memphis incident stating that they all know it was just a few people who were involved. He added that it was a failure of the leadership in Memphis. King informed Levison that persons who were responsible for the violence came to see him on the morning of March 29, 1968. He said these persons were fighting the leadership in Memphis, the men who ignored and neglected them, the men who would not give them any attention, who ordered their telephones cut off. King added that he had no knowledge of all this, that the persons responsible for the violence were too sick to see that what they were doing during the violence was hurting him, King, more than it could hurt the local preachers. (S)

King related that he was so upset and shocked over the Memphis violence that he was going to announce a personal fast as a means of appealing to the Memphis leadership, as well as those who participated in the violence, to come to him in a united front to take up the "cudget" and get on with the movement. He said he felt this kind of spiritual move would be a way of unifying the movement, of transforming a minus into a plus. He added that he feels their Washington campaign is doomed. (S)

Levison attempted to convince King that his reasoning was not correct. Levison said he was concerned over the "trap" King was placing non-violence in because King was saying that he must have 100% adherence to non-violence which is an impossibility. (S)

King commented that they could not get 100% adherence but that they must face the fact that a riot broke out in the ranks of the march, that "these fellows", in the line of march, would (S)

~~SECRET~~

~~SECRET~~

jump out, do something, and then come back to hide within the group. King said he is a symbol of non-violence and that the press is not going to say what Levison said. He said the symbol will be weakened and it will put many Negroes in doubt. He said he must do something that is a powerful act to unify forces and refute the press. (6)

Levison stated that if it had this result he would agree but that he is bothered by the idea that King would be accepting the logic of the press that if King can control 99%, and not the 1% who are violent, he is a failure. He said they must find a way in which they do not accept this otherwise King will never be able to do anything unless he always spiritually reaches a level where he hypnotizes every Negro alive. (7)

King questioned how he could say that they can control the planned demonstrations in Washington, D.C. and at the same time conclude they are going to have 1% violence. (8)

Levison counseled that King can say that he can control his followers and is not undertaking to control everybody else. He said King could take the position that his followers are non-violent and will do what they must do. (9)

They agreed to discuss the matter in depth at a meeting in Atlanta, Georgia in King's church office on the morning of March 30, 1968. (10)

The same source advised on March 31, 1968, that on that date Stanley Levison commented on the meeting held in Atlanta, Georgia, on March 30, 1968. Levison's comments included the following: (11)

At the Atlanta meeting they examined the whole Memphis incident and came up with a new approach. "We are going back to Memphis. We are going to prove that you can have mass action in the streets". Martin Luther King had decided not to go back to Memphis and not to go to Washington (for the Poor People's Campaign). It was the determination of the (SCLC) staff that (12)

~~SECRET~~

~~SECRET~~

Martin Luther King, Jr.

changed King's thinking. King is going back to Memphis on Tuesday (April 2, 1968) and there will be a big march on Friday (April 5, 1968). The Memphis incident was caused by "a handful of kids" and it could have been controlled by "our guys" (the SCLC) had they been there. (S)

He, Levison, made the point that they could not let "a couple of kids" keep "mass action" from being their weapon. (S)

As for controlling the Washington, D.C. demonstrations, King knows he can control the youth. What has to be done is go to the high schools and tell them what the establishment wants them to do. Once they grasp this there is no chance of anything happening. What they (the SCLC) are afraid of in Washington is a double cross from Stokley Carmichael and the answer to that is that "our job" (the SCLC) is not to stop violence but to be non-violent themselves. "Our position" is that "we" are going to go on because to be able to march in the streets is "our most important tool" and are not going on the streets because it may start violence. "Why do we have to be afraid of riots". It is their problem not ours". (S)

The Atlanta meeting was good because it shows how much militancy there is in the SCLC. (S)
